## Something Must Be Done.

The Gorham (N. H.) Mountaineer has the following to say in regard to our railroad situation:

"The intense feeling against the officials of the Norway Branch Railroad company increases rather than diminishes, for the reason that it cannot be learned that they are doing anything towards having passenger trains run again between Norway and South Paris. The people have always been noted for their push, integrity and business enterprise. That they will long submit to the present state of affairs, is not to be entertained for a moment. If ample facilities cannot be provided by means of the Grand Trunk direct, it is entirely within the probabilities that in less than a year trains will be running between Norway and Mechanic Falls and Lewiston to connect with the Maine Central. The route is a good one and the road would require very little excavating. Level headed business men say that such a road would pay. Norway once had a big fire that swept one side of its village out. It rose phoenix-like from its ashes, more beautiful and enterprising than ever. Within a few months it will be seen how superior Norway is to misfortunes like the present."

It is quite evident that the officers of the Norway Branch Railroad are doing nothing. They have a greater personal interest in the electric street railway, but the citizens who want train service continued on the Branch are doing something in a way that may be successful. Norway must and will have a good railway service connecting with the G. T. at South Paris or connecting with some other road.

The present electric car service is far from satisfactory. Sell tickets in and out good over the G. T. R. and carry and check baggage to and from Norway would come nearer being satisfactory than the present method of taking only passengers.

We want something done and done pretty soon too.

# THE WHOLE SYSTEM May Become Invaded by Catarrh— General Lewis' Case.

Hon. James Lewis, Surveyor General of Louisiana.

Pe-ru-na Drug Mfg Co., Columbus, O.: "Gentlemen—I have used Pe-ru-na for a short time and can cheerfully recommend it as being all you represent and with every man who is suffering with catarrh could know of its great value. Should I at any future time have occasion to recommend a treatment of your kind, rest assured that yours will be the one, James Lewis."

Wherever the catarrh is, there is sure to be a waste of mucus. The mucus is as precious as blood. It is blood, in fact. It is blood plasma—blood with the corpuscles removed. To stop this waste, you must stop this catarrh. A course of treatment with Pe-ru-na never fails to do this.

Send for free catarrh book. Address The Pe-ru-na Drug Manufacturing Co., Columbus, O.

The microbes that cause chills and fever and malaria enter the system through mucous membranes made porous by catarrh. Pe-ru-na heals the mucous membranes and prevents the entrance of malarial germs, thus preventing and curing these affections.

**CATARRH**

What Physicians and Other Remedies Failed to do, Cured with Wardwell's Catarrh Cure.

Are you troubled with this dangerous and disagreeable disease? Have you droppings of an unhealthy nature from the head to the throat and stomach? Is your breath offensive? Is there a constant burning and itching of the head and face? Do you have a cold in the head and are you worse when you have a severe cold and in fact think that this life is but a long and weary one? "WARDWELL'S CATARRH CURE" has been found to be the difference between good health and years of battling with this disagreeable and dangerous disease. I was cured by its use. I used two bottles and had my cure complete and permanent and had no return for two years.

Mr. E. Hill of Oldfield, Me., states: "I have been a great sufferer for years with an old chronic head trouble. I have consulted many physicians and tried about all the different preparations on the market for such troubles, but without result. I was cured by the use of 'WARDWELL'S CATARRH CURE' and had it so far superior to anything I ever used. I can gratefully recommend it to all fellow sufferers."

**WARDWELL'S CATARRH CURE**

Since the introduction of WARDWELL'S CATARRH CURE there is probably no preparation that has been given such radical tests and thoroughly many of the cases were of long standing, the patients having tried almost every known remedy.

How much more pleasantly the day passes after a good night's sleep with no headache and no morning sickness. It relieves the tired head and the nervous system. It is a great relief to the sufferer. It is a great relief to the sufferer. It is a great relief to the sufferer.

## For G. A. R. Dept. Commander.

Saturday, there was a large gathering of Grand Army men at a camp-fire given by Fessenden Post at Buckfield. Comrades were present from a dozen different Posts.

The meeting took one action which was a surprise to itself, coming as it did spontaneously and without forethought. They decided to urge that Hon. John P. Swasey of Canton be elected commander of the Department of Maine. Mr. Swasey has a good war record and his standing in the community is well known. He possesses the ability to fill such a position with marked ease and grace. Oxford County has had only one man in that office, the late Gen. George L. Beal of Norway, who was the first commander of the Department.

MRS. PINKHAM says that irritability indicates disease. Women who are nervous and snappish are to be pitied. Their homes are uncomfortable; their dispositions grow constantly worse. Such women need the counsel and treatment of a woman who understands the peculiar troubles of her sex.

## EVERY-DAY TALKS WITH WOMEN

your Vegetable Compound has done for me. It has helped me more than anything else. I suffered for a long time with nervousness, pains in back and limbs and falling of the womb; also had neuralgia in my head and could not sleep. I told my husband that something must be done, for I was nearly frantic with pain. Having read of the wonderful cures Lydia E. Pinkham's Vegetable Compound had performed, I determined to try it. I have taken it and am happy to say I am cured. I recommend it to all my friends and never tire of telling the benefit I have derived from its use. I have you alone to thank for my recovery.

MRS. ELLEN FLANAGAN, 1810 Mountain St., Philadelphia, Pa., writes: "DEAR MRS. PINKHAM—Three years ago I was a sufferer from chronic dyspepsia, was irritable and cross, and can say that after taking seven bottles of Lydia E. Pinkham's Vegetable Compound was entirely cured. I take great pleasure in writing this to you and would be pleased to be interviewed by any one who is afflicted with that distressing complaint. I am very grateful to you."

# OBITUARY.

Died in Brooklyn, N. Y., Oct. 11th, 1899, Mrs. Mary E. Wolcott, only daughter of the late William and Eliza Needham of Norway, Me., and widow of the late Charles C. Wolcott of Brooklyn, formerly of Oxford, Me.

She was born and lived in Norway until the time of her marriage in 1854, but for the last twenty-eight years, her home has been in Brooklyn. She will be remembered by relatives and friends in "Old Oxford" and by many who have made their homes outside its borders. She loved Norway so well, and a strong desire of her heart during her last illness was that she might live to revisit it.

She was a woman of sterling character, kind, charitable and courageous, and although her sufferings were extreme, not a murmur passed her lips. She loved life and was happy making others happy. She leaves an only daughter, to whom the loss is irreparable, two grandchildren, a son-in-law, two brothers, nephews and other relatives, and many friends who will sincerely mourn her departure. As the end drew near, and she could not speak, she clasped her hands and raised her eyes in the attitude of prayer, and thus her sweet soul quietly passed over to join the dear ones gone before.

"These beautiful lines by Rev. F. L. Hosmer suggest themselves to the writer: "O Lord of Life, where'er they be, Safe in Thine own eternity, Our dead are living unto Thee." "All souls are Thine, and here, or there, They rest within Thy sheltering care; One providence alike they share. "Thy word is true, Thy ways are just; Above the requiem, 'Dust to dust,' Shall rise our psalm of grateful trust. "O happy they in God who rest, No more by fear and doubt oppressed; Laying or dying they are blest."

The funeral of the deceased was attended by Rev. Dr. A. J. Canfield of the Church of Our Father (Universalist) at the home, and the burial was at Greenwood Cemetery, that beautiful city of the Dead.

## NORTH WATERFORD.

Rhinel Irene, the six years old daughter of the Rev. Wm. and Mrs. Bragg of Chichester, yesterday, while playing with a little boy fell into an unused well. It is supposed that while running she stepped upon the cover of the well when one end of it slipped off its bearing and fell into the water, she following feet first. The well was ten feet deep with about two and one-half feet of water. However in the bottom was a square plank casket, sunk when the well had been dug deeper. She went down over her head, but with remarkable presence of mind she says she kept her mouth shut, and coming to the top of the water, without making any outcry she took hold of the top of the casket. Her playmate gave the alarm and when found was holding on, and by the direction of those who found her she pulled herself up and stood above the water on the top of the plank, and when they got a ladder, she climbed, none the worse for her fall, but one little bruise on her hip and a good soaking from head to foot. In the morning she felt a little stiff, but went to school as usual.

## SOUTH WATERFORD.

Deputy Sheriff Cross of Norway was in the village, Tuesday.  
Mrs. G. O. Bailey went to Portland, last Friday, to spend a few days.  
Melville Monroe left for Hyde Park, Mass., Saturday, to remain about a fortnight.  
Mr. and Mrs. G. H. Billings left, Tuesday, for their new home at Bridgton Center.  
J. W. Perry of Sweden has been making repairs upon the Ellsworth place, this week.  
Deaf Nelson drove over from his new home in Conway, N. H., Sunday, returning, Tuesday.  
Nellie Wiggin returned home, Monday, from Fryeburg, where she had been on a brief visit.  
Ann Ellsworth and Annie Perry returned, Monday, from a visit of several weeks in Sweden.  
Fred Wiggin, who has been occupying the George Young house, will remove, at once, to the G. H. Billings place.  
Mr. and Mrs. W. Watson drove to Westbrook, Tuesday, to spend a few days with friends in that city and vicinity.  
Mrs. Clara B. Noble left, last Thursday, for Winchester, Mass., where she intends spending the winter with friends.  
Mrs. Lizzie Applegate and children, who have been spending the summer with her mother, Mrs. Daniel Green, left for Lakewood, N. J., last Monday.  
Win Kingman, who, several years ago, purchased the George Young house, which was built and occupied by J. O. Longley for many years, will move in as soon as Mr. Wiggin can get away.  
The many changes that have taken place, this fall, is something remarkable for this small village. A piazza has been added to the entire front of the Waterford creamery, which will not only be of great convenience in loading and unloading goods, but also adds greatly to the appearance of the factory. This has been the most busy season in the history of this company, it having been impossible to supply the demand for its products, which rank among the very best in the market.

Custom Tailoring Carefully Looked After.  
F. H. NOYES, Norway

When a man is tortured with back-ache or lame back he doesn't want to experiment with new and untried remedies. He realizes that the backache is kidney ache. The lame back virtually means lame kidneys, and he knows that there's very serious trouble in store if he doesn't get his kidneys to do their duty. In his trouble he naturally turns to

### Doan's Kidney Pills

Others all around him have been cured of kidney complaint by this wonderful little remedy. He has the testimony of others to guide him. He knows that Doan's Kidney Pills will cure, no matter what form of kidney complaint he may have. He learns this by reading emphatic evidence like the following:

Mr. H. J. Woodbury, carpenter, of 57 South Chestnut street, Augusta, Me., says:

"I was interviewed in the spring of 1898 by a gentleman who asked me for my experience with and opinions of Doan's Kidney Pills. I told him that I had been greatly benefited by the action of my kidneys, that the pills could always be relied upon to produce intense suffering, and that Doan's Kidney Pills had cured me. It is now two years and a half since I was first afflicted, and I can conscientiously say, the longer and more fully you know Doan's Kidney Pills the greater faith you have in them. Everyone, as far as I have heard, ranks in the highest terms of their great value."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

Business will be continued at the W. E. Austin machine shop on Greenleaf Avenue, Norway, Me. All orders for work will receive prompt attention.

### Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Elgil's. It was my great joy, the first thing I made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed at Noyes Drug Store, Norway; F. A. Shurtleff & Co., South Paris. 42-43

**CHASE & SANBORN'S PACKAGE TEA.**  
Just think! It takes one thousand four hundred cups of tea to make the difference of one dollar. It will take you almost four years, drinking one cup a day, to save a dollar. Don't you think it is worth 1-14th part of a cent a cup to have your tea scientifically packed, under thorough hygienic conditions, in airtight, moisture-proof packages?

Yet all this costs you nothing. It's the quality of the tea for which you pay 1-14th of a cent a cup more. This fourteenth of a cent on each cup gives you 30 per cent better tea than is ever sold for 50c a lb. If you doubt it, buy a single pound of Chase & Sanborn's Package Tea. It will make over 200 cups.

They were talking and wishing that they might get a shot at a deer, when they heard something coming through the brush and looking out they saw not deer but some cattle coming along to drink. An old stag led the drove. Chandler says to Lord, "Take my gun and I will have some fun," and dropping on his hands and knees waited for Mr. Stag.  
When he got almost to them Chandler gave a jump and bleated like a calf, and looked to see the old stag jump. Well, he jumped all right but instead of jumping away from Chandler he jumped right at him and bellowed like a lion.  
Chandler gave a yell, jumped to his feet and made for tall timber with the stag a close second. Lord fell over backward and got behind a stump. The old stag after putting Chandler into the swamp started on his way, and the boys for home.
